## Abstract

Game theory studies the strategic interactions between and among decision makers, players, through mathematical models called games. This paper presents an overview on the evolution of the application of game theory to fisheries economics. The first applications emerged in the late 1970s.

How do I use the new advanced search?

Last updated on 24/07/2018 01:46 PM

[▶ Performing an advanced search tutorial](#)

The new advanced search form offers an open design which allows you to specify one or more pieces of information (e.g., keywords, authors, dates, etc.) to find related documents in ScienceDirect. You can easily build an explicit query using multiple Boolean operators and nested clauses in your search.

None of the available fields are mandatory to an advanced search query. You are simply required to complete at least one field with searchable information.

[Learn about ammonification >](#)

The screenshot shows the Elsevier ScienceDirect Support Center chat interface. At the top left is the Elsevier logo and the text "ScienceDirect Support Center". On the top right, there is an orange button labeled "在线答疑" (Online Q&A). Below the header is a navigation bar with "All Topics" and a dropdown arrow, followed by a "Search" label and a search input field with an orange button labeled "输入问题" (Enter Question) and a magnifying glass icon. The main content area is divided into three columns. The left column contains a vertical menu with "Email", "Chat" (highlighted with an orange bar), "Phone", and "My Info". The middle column is titled "Chat with us" and includes the text "Chat with a member of our support team" and "Your contact details". Below this are three input fields: "First name", "Last name", and "Email address". At the bottom of the middle column is the heading "How can we help you?" and a "Your role" label. The right column is titled "Most viewed answers" and contains a list of five questions, each with a dropdown arrow: "Why am I getting an error message indicating that my IP address has been blocked?", "How do I use the advanced search?", "What are corrected proofs?", "How do I open and view supplementary content and multimedia files?", and "How do I sign in to ScienceDirect?".
