

# SciEngine 期刊平台使用指南

SciEngine 期刊平台网址: [www.sciengine.com](http://www.sciengine.com)

## 一、平台简介

SciEngine 科技期刊全流程数字出版与知识服务平台（OA 为主）由科学出版社自主研发。平台从国家战略和期刊需求出发，以构建国家高端科研论文和科技信息高端交流平台为目标，目前平台集聚期刊 680 余种（OA 为主、持续新增）、文章 85 万余篇，涉及学科有化学、计算机科学、地球与行星科学、能源、工程、材料科学、数学、物理学和天文学、农业和生物科学、生物化学、遗传学和分子生物学、医学和牙科。

## 二、丰富工具，智能服务

## 三、书刊一体化资源

# 书刊一体化电子资源集聚(Journals)

The screenshot shows the Science China Materials journal website. The main article featured is "Semiconductor nanomaterial-based polarized light emitters: From materials to light emitting diodes" by Hanlin Tang, Mengyang Wang, Mengyang Wang, and others. The article is published in Science China Materials, Volume 12, Issue 1, 2019. The abstract states: "The external quantum efficiency of background-based LEDs is far less than that of the LEDs based on the quantum dot (QD) structure. The external quantum efficiency of background-based LEDs is far less than that of the LEDs based on the quantum dot (QD) structure." The website also features a "Current Issue" section with "Online First" and "Just Accepted" articles.

## 四、自主平台、开放生态

### 实现自主平台办刊，营造开放科学生态

<https://www.sciengine.com/about/open-access-licenses>

#### Published articles:

- Are fully peer reviewed
- Are immediately free to access and download from SciEngine
- Permitted re-use defined by the author's choice of Creative Commons user licenses

OA期刊聚集

#### Search for open access journals/books

Search input field with a search button.

- Apparatus and Fabrication
- Artificial Intelligence in Geosciences
- ...

The screenshot shows the "Open access licenses" page on the SciEngine website. It explains the open access license policy and provides a table of license options. The table includes columns for "User license", "Read, print and download", "Redistribute or reuse the article (eg. display in a repository)", "Translate the article", "Download for use and data mining", "Reuse portions of the article in other works", and "Sell or reuse for commercial purposes".

User license	Read, print and download	Redistribute or reuse the article (eg. display in a repository)	Translate the article	Download for use and data mining	Reuse portions of the article in other works	Sell or reuse for commercial purposes
CC-BY	Yes	Yes	Yes	Yes	Yes	Yes
CC-BY-NC-ND	Yes	Yes	Yes	Yes	Yes	No

OA政策

## 五、深度融合

**中国科学院数字化平台建设，加快平台深度集成融合**

中国科学院数字化平台项目：院三家单位四个平台合作，经过两年的融合建设，已实现各平台间互联互通，各平台快速发展，逐步形成示范效应

在出版源头初步探索学术出版、学术服务、学术评价一体化互联互通的实践方案，已建成21类业务功能接口、相互间集成实现35类

## 六、界面展示

1、IE 浏览器打开 [www.sciengine.com](http://www.sciengine.com)，即可访问 SciEngine 期刊平台

**中国肿瘤临床**  
CHINESE JOURNAL OF CLINICAL ONCOLOGY

ISSN : 1000-8179  
CN : 12-1099/R

CSD Impact Factor : 0.2554

Latest issue  
Volume 50, Issue 3

About the journal  
With the tenet of "guiding innovation, focusing on the frontier, highlighting the clinical and emphasizing the practical", Chinese Journal of Clinical oncology is committed to reporting the innovative research results and advanced clinical diagnosis and treatment experience of oncology in a fast, precise, specialized and detailed way, leading the development of the science of oncology, promoting academic exchanges, guiding clinical practice and promoting people's health.

## 4、高级检索功能

The screenshot displays a research database interface with a search results page for the query "medicine". The interface includes a top navigation bar with categories like "RESOURCES", "SERVICES", "AUTHOR CENTER", "DOUBLE-CARBON", and "ARTIFICIAL-INTELLIGENCE". Below this is a search bar with "Journals", "Search", and "AI Search" tabs. The search bar contains input fields for "Keywords", "Author name", "Journal/Book title", "Volume", "Issue", and "First page", along with a search icon and "Advanced Search" link.

On the left side, there is an "Applied Filters" section with a "medicine" filter selected. Below it are sections for "Journal" and "Book" with a list of items and their counts. The "Journal" list includes "Journal of Zhejiang University" (1187), "Bioactive Materials" (1076), "Modernization of Traditional C..." (1472), "Acta Biochimica et Biophysica..." (1281), "Science and Technology of Fa..." (1371), and "SCIENCE CHINA Life Sciences" (1200). The "Book" list includes "中国科技期刊产业支撑报告 (2021-2022)" (3), "中国科技期刊发展蓝皮书 (2021-2022)" (3), "中国科技期刊发展蓝皮书 (2020-2021)" (2), "中国科技期刊发展蓝皮书 (2019-2020)" (2), and "中国科技期刊发展蓝皮书 (2018-2019)" (2).

The main content area shows "39361 results for 'medicine' anywhere". It includes a "Sort Results By" section with "Relevance", "Newest First", and "Oldest First" options. The first result is a "Special Issue on Modern Chinese Medicine and Its Innovation-Driven Development Strategy" with the title "Innovative Development of Traditional Chinese Medicine in the 21st Century: the Survival of Traditional Chinese Medicine under the Protection of Culture and Institution" by Peifu Zhang, published in "Journal of Engineering Studies, Volume 15, Issue 1, 2023, Page 23 - 31". It has 3641 citations and 378 downloads. The second result is another "Special Issue on Modern Chinese Medicine and Its Innovation-Driven Development Strategy" with the title "Re-evaluation of the Strategic Position of 'Integration of Chinese and Western Medicine' in the New Era" by Wei Cheng, Xin Li, published in "Journal of Engineering Studies, Volume 15, Issue 1, 2023, Page 41 - 49". It has 1999 citations and 394 downloads. The third result is a "View" section with the title "Cherish civilization roots, draw on other civilizations, be forward-thinking: Globalization of Chinese medicine" by Naibo Hong, Xiang Chen, Peijiang Hong, Haimin Zhang, Jiaji Huang, published in "Chinese Science Bulletin, Volume 64, Issue 26, 2019, Page 2672 - 2676". It has 4702 citations and 1422 downloads. The fourth result is an "Article" section with the title "Effectiveness and safety of Sanhan Huashi granules versus nirmatrelvir-ritonavir in adult patients with COVID-19: A randomized, open-label, multicenter trial" by Xiaohu Zou, Kang Chang, Guohua Fan, Huanwei Zheng, Hecheng Shen, Liang Tang, Yingying Jiang, Yeming Wang, Lihua Zhao, Hong Lu, Xin Zhou, Xiaoming Chen, Liping Chen, Xiaolin Tong, Bin Cao, published in "Science Bulletin, Volume 68, Issue 12, 2024, Page 1954 - 1963". It has 225 citations and 143 downloads.

On the right side, there are two sections: "Related Articles" and "Related Journals". The "Related Articles" section lists four articles with titles like "Natural medicinal ingredients induce tumor ferroptosis and related mechanisms", "Nanomaterials-based Optical Biosensors for Detection of Mycotoxins in Traditional Chinese Medicine", "Preparative-High Performance Liquid Chromatography-based Multi-Dimensional Chromatography and Its Application in Traditional Chinese Medicine Research", and "Application Progress of Electrochemical Methods in Quality Control of Traditional Chinese Medicine". The "Related Journals" section lists three journals: "Food Science", "Science and Technology of Food Industry", and "Journal of Integrative Medicine".
